

## **Two Minute Teachings" on the Bible**

**11-06-16**

It is good to read the bible but it's even better to pray with the bible, which can lead to an encounter with God.

It might be helpful for you to: find a quiet place at a regular time; maybe light a candle; and then prayerfully place yourself in the presence of God.

There are different ways to pray with the bible. At our parish staff, council and commission meetings we read the gospel of the coming Sunday and then answer these three questions:

- #1 what word, phrase or sentence caught your attention?
- #2 what is the good news for you in the gospel?
- #3 where is God calling you to carry out this good news in your life?
